acknowledges its responsibility to replace ATCC Nos. VR 2075, VR 2077, CRL 8400, CRL 8401, and 39475 should they become non-viable or mutate before the end of the term of a patent issued hereon, 5 years after the last request for a culture, for 30 years, whichever is the longer, and its responsibility to notify the depository of the issuance of such a patent, at which time and deposits will be made irrevocably available to the public. Until that time the deposits will be made available to the Commissioner of Patents under the terms of 37 CFR Section 1-14 and 35 USC Section 112.

Declarant further states that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
